As of January 1, 2018, the Province of Ontario has transformed child and family programs by integrating them into EarlyON, a common system that offers a consistent set of core services across the province, as well as others tailored to local needs. The Applegrove Parent/Child Drop-in and the Applegrove Connection are now EarlyON Child and Family Centres. Their hours and contact information will remain the same.

The Parent/Child Drop-In and Applegrove Connection will continue to be community hubs where parents, caregivers and children find programs and services that build on their strengths and help them navigate this journey. Where parents and caregivers make connections and build relationships that are essential to realizing a child's full potential. Where they can learn, grow and connect together.

It's here that children can learn, play, laugh, be curious, make friends and engage with others. Where they can build their sense of belonging and capacity for expression, enhance their own well-being and explore and engage with the world around them.

We offer safe and welcoming environments open to all families, in a place where families and caregivers can find support, advice, personal connections and a network of resources. Where questions get answers, anxiety turns into peace of mind and a sense of solitude turns into a spirit of community.
