FINANCIAL VARIANCE REPORT For the period ended March 31, 2024 (January 1 to March 31)

Admin - City of Toronto Budget

REVENUE

Total budget revenue for 2024= \$726,771

YTD budget gross revenue = \$156,203

YTD actual gross revenue = \$156,226 a favourable variance of \$23.

The \$23 favourable variance is due to interest received from Alterna on the Admin/Core account.

EXPENSES

Total budget expenses for 2024= \$726,771

YTD budget gross expense = \$173,102

YTD actual gross expense = \$169,122 a favourable variance of \$3,980.

The \$3,980 favourable variance is due the calendarization of the budget (expenses divided by 12 months).

Program Budget

REVENUE

Total budget revenue for 2024 = \$961,879

YTD budget gross revenue = \$240,471

YTD actual gross revenue = \$325,857 a favourable variance of \$85,386.

Variances include deferred revenue from 2022 for 2024 activities, e.g., Healthy Communities, New Horizons for Seniors, and other grants totalling \$57,492. We have not been able to input the 2024 budget on Sage due to the coming switch to the new reporting setup. The total budget revenue was calendarized (divided by 12 months) and multiplied by three months to give you an idea of where we are. Once the budget is entered in Sage, revenue will be added according to the cycle.

EXPENSES

Total budget expenses for 2024= \$949,635

YTD budget gross expense = \$237,408

YTD actual gross expense = \$191,080 favourable difference of \$46,328.

The same is true for the expenses. 2024 budget expenses are not yet entered in Sage. Some expenses may not be in the correct cycle because they are on a calendar cycle instead. We do see a favourable variance equal to \$46,328 at this time.

Personnel and Policy Committee Meeting Notes

April 22, 2024 – 10:30 am

Present: Jim Valentine (Chair), Camille Bettonville

Regrets: Sara Ehrhardt

Staff: Susanne Burkhardt (recorder)

1. Notes from March 18 Meeting

No changes needed. Camille noted that it would be helpful to identify how the committee would ensure follow up on surveys, that are sent to the board. The committee determined that the chair would designate someone to do this task.

2. Staffing

a) Updates

Susanne provided updates on current staffing issues, hiring processes and placement students.

3. Performance Evaluation

a) ED 2024 Performance Discussion

Susanne provided an update on her 2024 performance goals. The committee discussed progress to date and identified that additional information and support is needed to advance Susanne's goals in relation to revenue generation. The committee recommends a small group meeting focused on revenue generation and fundraising, with possible creation of an ad hoc working group.

4. Succession Planning

a) Draft Program Director Job Description

Susanne provided an update on the status of the draft job description for the Program Director position. She will send a copy to committee members for review once the draft is completed.

5. Board

a) Board Manual Update

Susanne reported that the board manual update is almost complete. Members felt that it would be helpful to post the manual on the website if possible. It was also recommended that a cover sheet noting the updates be provided along with the manual. The manual will be distributed once the new board is elected.

b) Board Orientation Process

The committee reviewed the updated orientation process. She noted that the date of the City Board of agreement orientation will be changed to fall. Members suggested adding information on attendance and participation expectations for existing board members – it was determined that the Board Job Description will be provided to all board members as a reminder.

c) Committee Terms of Reference Review

The committee reviewed the Terms of Reference and made the following suggestions:

- Clarify that membership includes the board chair (section 2.1)
- Specify that the board chair generally chairs the committee (section 3.1)
- Strengthen the language on committee responsibility for implementation of board development and evaluation activities i.e. that it will be led and done by committee members themselves.

6. Policy – deferred

a) Draft Police Reference Check Policy

The committee reviewed the policy noted that procedures have changed since the previous version of the policy. Susanne explained that the reference check system and process has changed, and that references are now applied for online by individuals vs being submitted to police by Applegrove.

Committee members felt that it makes sense to have police reference checks done for Board members, and asked that Susanne check in with other AOCCs on whether they do this. Susanne noted that Board members may not be expected to do a Vulnerable Sector Screening, as this is specific to individuals who work directly with vulnerable individuals.

Camille asked whether additional security measures may be needed for individuals who send their completed checks to Applegrove by email. Susanne shared that generally these are received in hard copy, but that it is more likely that some would be received electronically nowadays and that she will look into this further.

Liliana provided an update. There is quite a bit of activity in the afterschool program. A celebration for HOLI was planned with colour, with a staff originally from Nepal taking the lead. We are also doing a food drive to celebrate Eid this week.

Susanne shared that we are going ahead with our Mural Project with Mo Thunder, and that a TNC event on Indigenizing Human REsources will be hosted at the Food Hub. At the last board meeting, Councillor Fletcher spoke about Na-Me-Res and that she will follow up about the idea of including them at the AGM. The DEIB book club scheduled for next week.

c. 2024 Monthly Work Plan Report

Susanne provided an update and shared that 10-12 staff had their headshots done by Liliana who did an amazing job. We have 1 completed and 5 staff development plans in progress and management have DEIB learning goals in their performance planners. There are some funds to DEIB training, and it was suggested to do some consultation with staff and look at DEIB priorities and then decide what can be offered.

With respect to board training providers Sarah has a friend at Brock University and will ask for ideas, and Susanne will ask the AOCC ED's and the Neighbourhood Group who has a management team member focused on DEIB. There should be a parallel discussion to see what the board thinks is a priority as well. Susanne shared that the City has online training modules, and that she and May will follow up with ELI to see if board can access these. We are in good shape with all the other items in the workplan

d. DEIB Definition

Sue, Shirin and Susanne met to finalize the DEIB definitions. They referred to the City of Toronto's reconciliation, and adjusted the language in relation to the concept of decolonization. The term stakeholders was changed to collaborators. Once the committee approves these changes, it will go to the board for discussion.

e. Terms of Reference

Susanne shared that the follow-up items were reviewed and three points were added on making sure that DEIB is a priority, high level recommendations for planning projects and education. Additional recommendations from the committee were:

- Bullet d inform and support ongoing education
- Act in an advisory capacity
- Bullet b mention hiring practices and training
- Bullet g change wording... implementation and impact and how we are monitoring and what tools are needed to stay on track with audits

The committee discussed the frequency of DEIB audits. Susanne will consult with other agencies and review available information on this, and will report at the next meeting.

3. March 19 MOI Committee Meeting Notes – no changes

4. Events

a. Annual Event

Pierre shared that the committee met to see the space and how to arrange the different activities, ie., food, drink, silent auction items of art work. The focus will be a music and art fest. Planning is going well. Honest Impact Initiative will make a donation as seed funding to kick start the hunt for bands. Susanne reported that there is discussion at the Food hub on removal of a few rows of pews, which would create more space for events. Josh will put a band recruitment questionnaire online. There will be an advance prepay ticket system for food and drink. Susanne is working with the City to see if Applegrove can get a point of service machine, which would help.

5. Subsidy Discussion - deferred

6. AGM Planning

- a. Work Plan Status on target
- b. Update The skeleton document is in place and content if being created. It looks like the audit will be completed in time this year.
- c. Agenda the agenda is set and in good shape.

7. Board Recruitment

a. Update

Susanne shared that materials have been promoted to Applegrove's membership, City's website, charity village, and ads will be submitted to Beach Metro News and Councillor Fletchers newsletter. One person has expressed interest to date. Other ideas for recruitment were suggested as follows:

- Board members reach out to their contacts (Shirin to send email)
- Further recruitment at Don Summerville

- Email to former board members
- Post on Facebook community groups

Next steps in the recruitmet process:

- May 5 deadline for applications
- Preliminary screening done for eligibility
- Committee creates shortlist and does phone or a zoom interviews (questions form last year are available to updated is/as needed)
- Committee creates a shortlist/slate for the board
- Slate goes to AGM for the elections (if have more interested and qualified people, may hold election)

Ideally the nominees attend board meeting before the AGM. Applegrove is looking for 4 board members and 2 have to be in our catchment.

b. Boardshift

There's a \$200 fee and it may be too late to use for this year. Susanne will look at it some more and it can be an option for next year's board recruitment.

8. Committee Annual Work Plan

This item is brought to each meeting so we can monitor and make sure we are on track. Susanne has updated it and members reviewed April and May items.

9. Other Business - None

APPLEGROVE COMMUNITY COMPLEX

Strategy and Finance Committee Notes April 19, 2024 at 12:00 p.m.

Board Members: Brian Buchan, Moneca Yardley

Staff: Susanne Burkhardt (recorder), Monica Vela

1. March 13 Meeting Notes – no changes needed

2. Online Registration/CRM System Update

Susanne reviewed the draft board report, which outlines the City cyber and privacy assessment of the proposed CRM system and the Risk Treatment Plan received by Applegrove. The committee discussed next steps, which include sign off and working toward an agreement with the proposed vendor. Susanne will continue working with City staff on this. She plans to look into requirements for use of the facility booking module.

3. Finance

a. Audit Update

Monica reported that the auditor required that an adjustment be made to account for the strategic plan reserve fund spending in the statement of operations. This does not change the agency's net assets, but it does impact the year end surplus, which is therefore lower than projected. This was the first year that Applegrove has made use of its reserve funds.

The audited statements were prepared by Monica and are now being reviewed by the auditors. Monica reported that two adjusting entries were required. We expected to have the statements available for this meeting, however this has been delayed and the draft statements will be provided to us by May 5, for review by this committee in May, and to be presented to the board at its meeting in May. The committee agreed that the timing is tight with respect to the AGM.

b. Financial Reporting Update

Monica consulted the auditor on accounting for deferred revenue as part of our overall budget i.e. not only on the balance sheet, which does not provide a fulsome understanding of available funds and spending for the board. They recommend continued use of our continuity schedule and showing/accounting for it separately within program budgets. Committee members agreed that this will allow a clearer ongoing understanding of revenues and expenditures, by year.

Susanne reported that management has been working with the Sage provider to create consistent expense categories for our budgets and financial reports, and to also structure our accounting system so that individual grants can be tracked and

rolled up into a program e.g. Seniors has 4 grants – each would be tracked individually and then roll up into the report for that program. It is due to this ongoing process, which was delayed due to the audit and Sage provider illness, that a YTD finance report vs budget has not yet been possible for the program budget.

c. Program Reserves Policy

Susanne shared that the operating amount for 2024 includes projected termination costs (these make up over 50% of the total) for program staff. The monthly operating amount calculation incudes a factor to reduce salary and materials costs because it is expected that in an emergency or closure situation some funding would continue to flow and activities may be adjusted. Costs for admin activities and staff would be expected to be covered by the City. The committee discussed that the policy sets fund replenishment priorities and that the board will need to determine where to allocate the 2023 surplus in light of the status of the reserve funds.

4. Strategic Plan Implementation

Susanne reported that she and Josh are working on thus and that she has been in touch with the consultant. This will be an area of focus in the coming weeks. A session will be planned in the next month with the board-staff Strategic Planning Working Group.

5. Committee Terms of Reference

The committee review the terms, and suggested updates. These included adding risk management as a primary responsibility of the committee, expanding the language on strategic planning to include other types of planning and revising the responsibility to create a financial plan to describe financial planning as an activity. It was also suggested that when a committee loses a member that the board chair participate more actively in their ex officio capacity.

6. Risk Management

Brian will prepare materials for discussion on Applegrove's approach to risk management for the next committee meeting.

- The Prenatal Program is part of an East End CPNP coalition made up of 5 agencies who run Canada Prenatal Nutrition Programs in the east end. - Seniors Community Grant and New Horizon for Seniors Grant funds ended on March 31.

Income Tax Clinic

- Income tax appointments have been busy. We have served over 90 returns so far this year and there is one more week to go.
- We had 2 volunteers and 1 placement student help out with appointments.
- 3 staff also took advantage of the staff development opportunity, did some online training and prepared their own returns.
- On May 1, CVITP funding applications will open on a first come first serve basis for agencies to apply for funding to help pay for expenses incurred.
- Applegrove also received \$4,000 from the TNC for income tax expenses. We were able
 to pay staff for the staff development opportunities, purchase a laptop, portable printer,
 etc.
