# EARLYON ACTIVITES

## KIDS SNACK

We provide children a snack daily at approximately 10:15 am. Snack is a chance for the children to eat in a social setting, share food, take turns and make choices. Snack normally consist of protein, fruit/veggie and carbohydrate.

## CIRCLE TIME

At about 10:30 we gather to listen to a story and sing some songs. The best circles have adults joining in the songs and actions because your children will take their cue from you.

## COFFEE & TEA

Coffee and Tea are available during program. You are welcome to help yourself when you come in for a visit.

## ART ACTIVITIES

Self-expression and sensory experiences are very important part of early learning. Your child can practice cutting, painting, drawing, selecting and arranging.

## SENSORY PLAY

Sensory play is an important part of your child's development. We offer a variety of different sensory activities that your child can participate in at their own pace.

## FAMILY RESOURCES

We offer a variety of resources for participants to take advantage of including a toy and resource lending library and a clothing exchange.
